EFFECTIVE

TECHNICAL SPECIFICATIONS

- ABS cover
 - Monobloc brushed motor 550W
 - Power supply voltage 220-240V
 - Electric protection : IPx1
 - Dimensions : 300x225x670 mm (LxPxH) and net weight : 5.1 kg
-
- Drying time : 7 to 12 seconds
 - Output air speed : 324 km/h
 - Sound level : 68 Db
 - Water collecting tank
 - Heat collecting + self-adjusting heating : < 37°C

ADVANTAGES

- Wall mounting «space-saving »
- Fast drying
- Limited sound rate
- Comfort of use (hot air flow) without bacterial proliferation
- Low power consumption
- Water projection free use : water collecting tank
- Easy maintenance : easy accessible water collection tank
